I have read the completed application and know the same is true and correct and hereby agree that if a permit is issued, I will comply with all the provisions of the Code and with applicable State Laws. I accept responsibility for payment of all fines and fees that may result from the operation of the alarm system serving the above premise. I have read the information on the False Alarm Reduction Program. Permit/registration of an alarm system is not intended to nor will it, create a contract, duty or obligation, either expressed or implied, of response. Any and all liability and consequential damage resulting from the failure to respond to a notification is hereby disclaimed and governmental immunity as provided by law is retained. By permitting/registering an alarm system, the alarm user acknowledges that police response may be based on factors such as availability of police units, priority of calls, weather conditions, traffic conditions, emergency situations and staffing levels.
