FROGGS would like to welcome you to our newest section of the Greenway! The Greenmill Run Greenway is a 3.1 mile stretch that connects Evans Street, Charles Street, ECU's Intramural Athletic Complex, and Evans Park on Arlington Boulevard. The new section winds through wetlands and includes a beautiful boardwalk and two footbridges. The Greenmill Run Greenway connects to the rest of the Greenway system, which continues all the way to the Town Commons.

Founded in 2004, the Friends of Greenville Greenways (FROGGS) works to promote and elevate the quality of life for all citizens by helping maintain existing greenways, planning expansions, and encouraging local communities and businesses to join in their advocacy for viable, environmentally positive recreation and transportation opportunities.

FROGGS is operated by a board of volunteers who are committed to the FROGGS mission and we'd love for you to join us! For more information, please visit our website at froggs.org or email us at frogsgreenville@gmail.com.

MESSAGE FROM THE DIRECTOR

Through the fall and winter various staff have been managing an ongoing array of recreational services while planning the spring and summer programs and events featured in this brochure. Please take the time to give it a serious look, as in addition to the “old standbys,” there are some pretty exciting “newbies” to be had as well.

Be on the watch for:

- Numerous special events at Town Common and other sites.
- A variety of athletic leagues and instructional programs.
- Fitness initiatives.
- Aquatics services.
- Plenty of arts opportunities.
- This year’s Sunday in the Park schedule.
- Nature and watercraft programs at River Park North and other riverside venues.

Also be on the lookout for:

The Sycamore Hill Gateway Project at Town Common. Last summer – Groundbreaking / This spring - Ribbon Cutting. This project will share and commemorate the history of the Shore Drive neighborhood and the church that once stood on the corner of First and Greene Streets, long before a portion of those lands became Town Common. The gateway will serve as a west end entrance to Town Common, and reflect the significance of yesterday’s neighborhood and today’s park.

Greenway Bridge Modifications — A pedestrian bridge at Town Common’s east end crosses the Town Creek culvert and connects the park to the South Tar Greenway. Once a vehicular bridge that spanned the Tar River at Greene Street, this historic bridge lives on as an important component of the Greenway (which will soon expand westward out of Town Common). Improvements to this bridge are planned, including painting, the addition of lighting, and the replacement and expansion of the decking.

Adventure Park Plans — The City recently acquired about 163 acres of riverside lakelands associated with the development of the City’s first “adventure park.” Additional acreage also may be part of the project, which will include some creative “outdoor experiences,” developed over time, and involve a variety of partners. Stay tuned.

Though the Town Common Playground is already into its 4th year of operation, my staff and I continue to be grateful to Trillium Health Resources for the financial support the company provided towards the development of the park’s dynamic playground. Combined with other generous donations, these funds made it possible to develop an accessible facility that continues to attract and serve countless residents and visitors — including those with special needs — and makes Town Common a frequent destination for area families.

Such support is essential to our success in many other aspects of our operations as well, including Sunday in the Park, the Special Olympics Spring Games, sports team sponsorships, recreation services for those with disabilities, parkland acquisition, construction projects, and special events such as our July 4th Celebration, Field of Honor at Town Common, Greenville Gives, and special, one time concerts.

Our department — and our community — are blessed by the generosity of our donors, sponsors, grant providers, and volunteers, and we will always be appreciative of that generosity.

Stay active and healthy.
