OPENING STATEMENT: Mr. Glenn read the following statement:

I would like to start by acknowledging that we are conducting this meeting using a remote, electronic platform. I would ask for your patience today as we proceed. There may be slight delays as we transition between speakers, participants and presentations.

The Board of Adjustment is a quasi-judicial body that is governed by the North Carolina General Statutes and the City's Code of Ordinance. We conduct evidentiary hearings on requests for special use permits, variances, appeals of administrative decisions and interpretations.

Before we begin the evidentiary hearings on today's agenda, I would like to provide some important information about the steps taken to ensure that each parties' due process rights are protected as we proceed in this remote platform.

First, today's meeting will be conducted in accordance with the newly enacted statutes in Session Law 2020-3, which allow for remote meetings and quasi-judicial hearings during declarations of emergency.

Second, each applicant on today's agenda was notified before being placed on the agenda that this meeting would be conducted using a remote, electronic platform. Every applicant on today's agenda has consented to the Board conducting the evidentiary hearing on their request using this remote platform. We will also confirm today at the start of each evidentiary hearing that the participants in the evidentiary hearing consent to the matter proceeding in this remote platform. If there is any objection to a matter proceeding in this remote platform, the case will be continued.

Third, notice of this meeting was provided to the applicants and the public in numerous ways, well beyond the legal requirements for noticing this meeting and the evidentiary hearings.

Specifically, notice of today's evidentiary hearings was provided by mail to all property owners within 250 feet of each subject property. The mailed notices were sent two weeks in advance of the meeting date and within the law to provide such notice – and each notice letter notified the recipient of the remote meeting platform.

Notice was also provided by posting signs on the site of each property, publishing notice in the newspaper and providing notice on the City's website. Each of these notice methods were also done within the legal requirement to provide such notice.

The notices for today's meeting contained information about the means by which the public can access the remote meeting, as the meeting occurs.

Fourth, any individual wishing to participate in today's evidentiary hearings was required to sign-up prior to the meeting to participate. Information about this sign-up requirement, along with information about how to sign-up to participate, was included in the mailed notice letters sent to each property owner within 250 feet of each subject property. This information was also included on the Board's website and, among other information, a link to the Board's website was included in all methods of notice.

All individuals participating in today's evidentiary hearings were also required to submit a copy of any presentation, document, exhibit or other material that they wished to submit at the evidentiary hearing prior to today's meeting. All materials that the City received from the participants in today's cases, as well as a copy of City staff's presentations and documents, were posted online on the Board of Adjustment Meeting Schedule and Agenda prior to this meeting. All materials that will be discussed today can be viewed at any time during today's meeting by visiting <https://www.greenvillenc.gov/government/city-council/boards-and-commissions/board-of-adjustment/2020-board-of-adjustment-meeting-schedule-and-agendas> and clicking the September 24, 2020 Agenda and Meeting packet link. No new documents will be presented at today's meeting. All decisions of this board are subject to appeal with the Pitt County Superior court.

Finally, all individuals who signed-up to participate in an evidentiary hearing on today's agenda, as well as all City staff participants, were emailed a witness oath form prior to today's meeting. Any individual planning to testify or submit evidence in an evidentiary hearing was notified that they must sign the oath form prior to today's meeting. We will also reaffirm everyone's oath on the record at today's meeting.

She said the road is in the Extra Territorial Jurisdiction (ETJ) and the city will say it is a county problem. The county will say it is the city's problem, and nothing will be done. She said that she feels the people in our city or ETJ have a right to good roads to their homes. Notice:

Notice was mailed to the adjoining property owners on October 8, 2020. Notice of the public hearing was published in the Daily Reflector on October 12 and October 19, 2020.

Pertinent Information:

NC General Statute 110-86(2)(d) defines drop-in/short-term child care as a child care arrangement where care is provided while parents participate in activities that are not employment related and where the parents are on the premises or otherwise easily accessible. The statute also states that the business is not required to be licensed or regulated by any state agency but it must complete a registration application and post their notice notifying parents of the requirements by the general statute. Since the use is not required to obtain a Day Care License from the State, the use is not required to meet the minimum playground and lot size requirements in which we use as our specific criteria when considering a Child Day Care Center.

Related Zoning Ordinance Regulation:

Definition:

Day care; child. An establishment which provides for the care and supervision of six or more children away from their homes by persons other than their family members, custodians or guardians for periods not to exceed 18 hours within any 24-hour period.

Staff Recommended Conditions:

The proposed use must comply with NCGS 110-86(2)(d)(d 1) and 110-99(c) and all federal, state and local laws and regulations.

The proposed request may not evolve into a complete child care facility by definition of NC G.S. 110-86(2) without obtaining a special use permit for such use.

All activities with the children shall remain inside the building at all times.

The proposed use must obtain and maintain all applicable licensing requirements for drop-in care.

Other Comments:

The proposed project must meet all related NC State fire and building codes prior to occupancy.

Staff Recommendation:

Planning staff is of the opinion that the request can meet all the development standards required for issuance of a special use permit upon proper findings by the Board.

Mr. McKinnon asked if there were any plans to have outdoor play equipment.

Ms. Blount asked if this question was for staff or the applicant.

Mr. McKinnon said either staff or applicant.

Mr. Bullock asked if there any questions for staff before hearing from the applicant. Hearing none, Mr. Bullock opened the public hearing.

Andrew Davis, applicant, spoke in favor of the application. He said he came up with the idea for a drop in child care facility because there is a need for it. He said there is a large need for this in the western portion of town.

Mr. Davis asked if he was allowed to have outdoor recreational equipment. He said his plans were to eventually have outdoor activities.

Ms. Blount said that based on the previous conversation with the applicant, the application submitted was for a "drop in child care" facility which does not allow children to go outside. If the applicant wanted such activities, different regulations would apply and the application would need to be resubmitted.

Mr. Davis said he understands.

Mr. Bullock asked Mr. McKinnon if he was satisfied with staff's explanation of outdoor equipment.

Mr. McKinnon said he understands that there will be no outdoor recreation equipment.

Ms. Evans asked staff if the board needed to add a condition stating no outdoor recreation equipment.

Mr. Bullock stated that he believed this was already a stipulation as addressed in the staff report.

Ms. Blount confirmed.

Leigh Anne Friesen, consultant, spoke in favor of the request. She said she helped Mr. Davis prepare the application and said she was a certified AICP planner and had experience working with boards and commissions as a planner in New Bern, NC. She said she and Mr. Davis worked together to make sure they had all the correct information for the permit and the board. She said that she feels they have met all of the requirements and stipulations for the permit.

Mr. Bullock asked for the staff recommendation.

Ms. Blount said that staff had no objection to the request, however she wanted to make sure the applicant understood NC General Statute 110-86(2)(d) which defines drop-in/short-term child care as a child care arrangement where care is provided while parents participate in activities that are not employment related and where the parents are on the premises or otherwise easily accessible.

Mr. Davis asked if that meant the parent was easily accessible, like on a telephone, or if they had to be on the premises.

Ms. Blount said this type of facility is not for parents who are working, this is designed for parents who are engaged in some sort of short term activity.

Mr. Davis said he did not know that, but he understands now.

Ms. Blount asked the applicant if he is still remaining with his original request.

Mr. Davis said yes.

Ms. Blount followed up and said staff has no objection to the request with the additional recommendations.

Mr. Bullock closed the public hearing and asked if there were any board discussion.

Mr. Bullock read the criteria and the board's silence was a vote in favor of the criteria.

Mr. McKinnon made a motion to adopt the Finding of Facts, Mr. Lilley seconded the motion and it passed unanimously. Vote: 7 to 0

Ms. Bellis made a motion to approve the petition with recommended conditions, Mr. McKinnon seconded the motion and it passed unanimously. Vote: 7 to 0

Mr. Bullock announced that Andrew Davis's SUP has been granted.

Mr. Phillips addressed member's absences and noted that any absence due to sickness or death, or such happenings, are excused absences by the chair.

5. The reasonably anticipated increase in vehicular traffic generated by the proposed use.
6. The anticipated, existing and designed vehicular and pedestrian movements both on-site and off-site.

The residential use of the proposed manufactured home should pose no adverse affect as driveway and parking will provide ample room and generous visibility (drive approximately 40+1' long) for it ingres and egress in a safe & convenient manner for family vehicles).

- (d) **Detriment to Public Welfare.** That the proposed use will not be detrimental to the public welfare or to the use or development of adjacent properties or other neighborhood uses.

Neighborhood is comprised of much older homes both single and doublewides. The installation of a 2020 28x56 should enhance the neighborhood.

This being a newly constructed 2020 manufactured home, the value of adjoining properties should not be affected in a negative manner. Value will be added to the neighborhood as opposed to decreased
