

# How to Play Pickleball

Pickleball is played on a badminton-sized court: 20' x 44.' The ball is served diagonally (starting with the right-hand service-square), and points can only be scored by the side that serves.

Players on each side must let the ball bounce once before volleys are allowed, and there is a seven-foot no-volley zone on each side of the net, to prevent "spiking." The server continues to serve, alternating service courts, until he or she faults. The first side scoring eleven points and leading by at least two points wins. Pickleball can be played as a doubles game or singles game.
