<u>Title of Item:</u> Discussion on Animal Control Services

Explanation: Pitt County Manager Scott Elliott will present to City Council the County staff's

recommendation to the Pitt County Commission on the Animal Shelter. Chief Mark Holtzman will also provide information regarding the City's Animal

Protective Services concerns.

Fiscal Note: Continued participation in the Pitt County Animal Shelter will result in the

doubling of animal fees to support operations annually until full cost repayment is achieved. For FY 17, this amount is anticipated to be approximately \$28,000.

For FY 18, this amount is anticipated to be approximately \$56,000. The proposed fees are not included in the City's proposed budget for FY 17 and FY

18.

Recommendation: Receive the presentations from Pitt County and City staff and provide feedback

and direction.

Title of Item:

Report on the Imperial Site Land Agreement and Site Remediation Project

Explanation:

Abstract: The City of Greenville currently owns the Imperial site, located within the West Greenville Redevelopment Area, immediately to the west of Greenville's Uptown Commercial District, which is a requirement of receiving the \$400,000 EPA brownfields cleanup grant award to remediate the site.

On November 5, 2012, staff requested that City Council accept conveyance of the former Imperial Tobacco Warehouse site (Imperial site) and authorize staff to apply for a \$400,000 brownfields cleanup grant from the United States EPA to support remediation of the site. To apply for the EPA clean-up grant, the property had to be owned by the City of Greenville. The City's goal in acquiring and remediating the site was to gain site control, remove barriers for future development, and plan for redevelopment in accordance with the City's redevelopment plans.

Background:

During the May 9, 2016 meeting, City Council decided to remove funds identified for the acquisition of the Imperial Site in the proposed Fiscal Year 2016-17 budget draft. Staff believes that it is necessary to have some additional discussions with City Council to fully discuss impacts of defunding the purchase.

In April of 2008, the Imperial Warehouse burned down. Subsequently, the site was cited for code violations, including overgrown weeds, accumulation of debris, violations of the City's Non-residential Structure Code, occupation of the property by vagrants and violations of the North Carolina Fire Code as a result of two large fuel oil tanks on the site. The owner, Mr. Earl Wilson, claimed financial hardship as the reason for failure to abate the violations.

To find a solution that would advance the City's desired goals of abatement and

promote redevelopment of the site, staff developed a plan to leverage funds from an Environmental Protection Agency (EPA) grant to clean up environmental contamination on the site and, in the process, prepare the site for redevelopment. Environmental Site Assessment reports identified several including two large underground fuel oil tanks, above-ground petroleum tanks, and contaminated soil at various locations around the property.

At the November 5, 2012 presentation to City Council, staff noted that cleanup and reuse of this property was imperative if the West Greenville neighborhoods were to continue to improve and for the continued revitalization of Uptown Greenville. Council unanimously approved an agreement accepting the conveyance of the property from Mr. Wilson and to authorize application to the EPA for a clean-up grant in keeping with the goals of the adopted West Greenville Redevelopment Plan.

The Imperial Land Agreement was signed on November 6, 2012, by the former owner of the Imperial site, Earl C. Wilson which conveyed to the City of Greenville the four parcels of the Imperial site, for \$1.00. Once that agreement was executed, the City became the owner of the property.

The Imperial land agreement stipulated, however, that the City must pay Mr. Wilson the sum of \$1,033,000.00 at a subsequent date to retain ownership of the property, or the property reverts back to Mr. Wilson. If the City's brownfields applications had been unsuccessful, the City would have to exercise the payment option by March 15, 2016 to retain ownership. Because the City received, and accepted, the cleanup grant award the additional payment is not due until 90 days after the grant has been officially closed out with the following conditions:

- No later than 30 days after the EPA brownfield cleanup grant is closed out, the City is to notify Wilson that the grant is closed out
- No later than 30 days after notice of close out of the EPA brownfield cleanup grant is given, the City is to notify Wilson which option it has elected
- No later than 30 days after notice of which option the City has elected, the City shall complete the option elected by paying the amount or conveying the property

On-site remediation is scheduled to begin next month and is expected to be completed by August 31, 2016. The EPA requires various post-remediation reports before a grant can be "closed out." The City will complete these reports and close the grant in December of 2016 (deadline is December 31, 2016).

As part of the Imperial land agreement, Mr. Wilson agreed to cover a 20 percent local match (up to \$80,000) required by the brownfields cleanup grant. Mr. Wilson had the option of paying the match up front, but did not make the payment. Therefore, the City receives the value of the 20% match in land value, if the City opts to retain ownership of the property, the local match amount which Wilson is responsible for would be deducted from the \$1,033,000.00 payment. If the property reverts back to Mr. Wilson, the City would still retain a

20 percent (or 14,545.45 square feet) portion of the site identified in Exhibit B of the Imperial land agreement.

If the City elects to convey the property to Wilson, there is no restriction on the use of this land other than the provisions of the Zoning Ordinance. If the City maintains site control by choosing the option to pay the remaining cost, it can convey the property to a developer for a known use.

With the approval of the development agreement for the Sidewalk Mixed Use development project, a portion of the site is being utilized for the parking associated with that development. Currently, the Office of Economic Development and the City Manager's Office has taken steps for the future development of this site that are consistent with the Dickinson Avenue Plan, to include:

- Listing for sale on Loopnet (interest received from student housing developers)
- Providing site tours to mixed-use developers
- Responding to RFI's from site selectors as a location on which to locate High Value Office and Advanced Manufacturing Operations
- Identified the center portion of this site as a prime area to locate the virtual building
- Asking UNC School of Government for a proposal to complete the predevelopment work and developer recruitment for a mixed-use Public-Private-Partnership along Dickinson Avenue
- Identified the Northern portion of the site as a location for parking to meet the requirements of the Sidewalk Development Agreement and public/employee parking demand
- Identified this site as a marquee gateway into Uptown that if properly developed will have a transformative impact in the Center City

The purpose of this presentation is to make certain City Staff provides City Council with complete information when making an important decision. In this situation, the 2016 Budget will likely impact the future of the Imperial site. Thus, staff felt it prudent to make the elected officials aware of all the variables associated with Imperial Site. Some impacts include the following:

- Providing required parking associated with the Sidewalk Development project and related contractual agreements,
- Furthering Dickinson Avenue development and economic development activities,
- Retaining a key parcel for redevelopment in the Center City for future Economic Development projects and programs including a possible Virtual Building site.

Fiscal Note: The 2016 budget does not currently include the \$1,033,000.00 amount needed to

retain ownership of the Imperial Site.

Recommendation: Based upon the decision to remove funding identified in the Fiscal Year 2016-17

budget for the purchase of the Imperial Site, staff wanted to inform the Council on the history, proposed uses, costs, and contractual obligations associated with

the Imperial Site.
