

Police Vehicle Equipment Purchase & Installation

Addendum No. 2

Project Name:	Police Vehicle Equipment Purchase & Installation	Project No.:	FB 17-18-34
Prepared By:	Denisha Harris	Date:	March 15, 2018

Clarifications/Additions/Deletions

1. Concerning “Delivery,” the City of Greenville will accept bids from vendors who serve as a “ship thru” point from the manufacturer. For coordination purposes, please find below the City of Greenville contact for our vehicle purchase contract:

Jeffrey Williams
Asheville Ford
828-279-4933
jwilliams@ashevilleford.com

2. The City of Greenville is requesting an **additional** bid from all vendors to exclude the ICS system from the vehicle equipment package. To accommodate this change, the City is also requesting:
 - a. Add a 5ft service loop in center console for a laptop
 - b. Not to install laptop stand in vault drawer
 - c. No wiring provision needed in vault drawer

An additional bid form is included with this addendum: “Attachment D”

The original bid form stands “as is” and utilizes the original specifications as stated.

3. For the list of required submittals on page 12, please add “Attachment D – Bid Form.”
