Meeting Date: 10/8/2018
Time: 4:00 PM

Title of Item: Information regarding the City of Greenville's Stormwater Management Program in preparation for the Stormwater Utility Rate Study presentation

Explanation: **Abstract:** In preparation for the presentation of the Stormwater Advisory Committee recommendation, staff will be providing some background information on the City's current Stormwater Management Program and a brief overview of the Watershed Master Plans.

Explanation: In August 2016 after presentation of the Watershed Master Plans to City Council, Public Works was directed to assemble a stakeholders group to complete a utility rate study linking maintenance, capital improvement needs, financing, and policy.

This Stormwater Advisory Committee (SWAC) has worked with staff to review the stormwater capital projects previously prioritized within the Watershed Master Plan. In conjunction with the review of capital projects, the Committee has considered changes to the extent and level of service, design and inspection standards, and ordinance revisions. Now complete, the Committee is preparing to present their recommendation for a sustainable Stormwater Management Program at a future City Council Workshop.

In preparation for the presentation of the SWAC recommendation, staff will be providing some background information on the City's current Stormwater Management Program and a brief overview of the Watershed Master Plans.

Fiscal Note: No fiscal impacts.

Recommendation: City Council consider the information provided in preparation for the presentation of the Stormwater Utility Rate Study.
