The City of Greenville financial cycle begins on July 1 and ends on June 30. During this time frame, two major processes take place: the Annual Operating and Capital Budget process and the Annual Audit. The 2018 Popular Annual Financial Report (PAFR) provides an overview of the City’s financial results and is intended to increase awareness throughout the community of the City’s financial operations.

The financial information is obtained from the audited financial statements in the City’s 2018 Comprehensive Annual Financial Report (CAFR). The PAFR is not required to present the same level of detail as the CAFR and, therefore, may not fully conform to generally accepted accounting principles (GAAP).

This report highlights the overall financial condition and trends of the City. The 2018 CAFR is audited by Cherry Beckaert LLP and has received an unmodified or “clean” audit opinion. This report may be viewed on the City’s website, located at greenvillenc.gov.

MANAGER'S MESSAGE

I am pleased to present, on behalf of the City Council and the Management of the City of Greenville, the City's Popular Annual Financial Report (PAFR) for the fiscal year ending June 30, 2018. Provided in this report are the financial highlights from the previous fiscal year. The City provides significant financial detail through the Comprehensive Annual Financial Report (CAFR) which is available to you on the City's website, greenvillenc.gov.

Analyzing financial statements can be challenging, especially for those who do not do so on a regular basis. The PAFR is designed to address that issue by providing a summary of the City's financial position in a user-friendly format. The PAFR is intended to be a supplement to the CAFR, not a replacement.

The City of Greenville prides itself on its comprehensive and quality services, all provided while maintaining a sound financial position. It is an important part of our financial mission at the City of Greenville to be transparent in providing you with complete information on the finances of our programs. We hope that you find it to be informative and understandable. As you review this PAFR, please feel free to share any questions, concerns or recommendations you may have with us.

FY 2018 FINANCIAL RESULTS

GOVERNMENTAL ACTIVITIES

The Governmental activities section in the City's financial statements includes programs normally supported by taxes and allocations/grants from federal and state governments. Governmental revenue sources cover various services including public safety (Fire, Police, and Emergency Communications), public infrastructure (Planning, Inspections, and roadways) and the Parks, Recreation and Community Development Departments, as well as general government administration (Human Resources, Information Technology, and Finance). Governmental activities also include special revenue activities, such as grants, and capital project activities, such as road resurfacing, that support general infrastructure activities across the city.

Increases or decreases in net position may serve as a useful indicator of whether the City's financial position is improving or declining. The City's revenue increased slightly over the prior year. Increases in operating expenditures year over year are due to continued investment in capital improvement projects.

SOURCES OF CITY FUNDS

GENERAL FUND REVENUES

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, with the exception of those required to be accounted for in different funds, such as business type activities. The major sources of revenues for the General Fund are property tax, sales tax, utilities franchise tax, licenses, permits and fees, Greenville Utilities Commission transfer-in, rescue fees, investment earnings, and Powell Bill – State Allocation. The largest tax revenues of the City are property taxes and sales taxes. These taxes predominately fund basic government services including Recreation and Parks and Public Safety.

GENERAL FUND EXPENDITURES

Each year, the City adopts its annual operating budget, which allocates limited dollars to the highest priorities as determined during the City Council planning retreat held each January. The General Fund is financed primarily by property and sales tax revenues, and supports core services such as public safety. The City provides many services to our citizens with the majority of our General Fund being dedicated to Public Safety, which includes Police at 29% and Fire/Rescue at 16% of the general government budget in fiscal year 2018.

Expenditures

Fiscal year 2017–2018 results illustrated as cents per dollar of expenditure, e.g. Police accounts for 29¢ of every \$1 spent.

PROPERTY TAX BREAKDOWN

In order for the City of Greenville to provide the many services it does for citizens, it needs to generate revenue. One of the main sources of revenue is Ad Valorem (or property) tax. With the property tax rate being 52¢ per \$100 of valuation for FY 2018, it made up 40% of the total General Fund revenues.

Property tax revenues consist of real property values, personal property values, motor vehicles, and public service companies. For FY 2018, the valuation estimate provided by the Pitt County Tax Office was \$6,529,380,397. This represented a 2.43% increase in tax values from the previous year.

Property tax obligation for home values at the fiscal year 2018 tax rate of \$0.52 per \$100 of valuation:

- \$ 100,000 – \$ 520**
- \$ 150,000 – \$ 780**

HISTORY OF GREENVILLE PROPERTY TAX RATES

CAPITAL IMPROVEMENTS

Infrastructure, transportation, parks, and buildings are the foundation of a community. The projects in the Capital Improvement Plan (CIP) provide basic necessities and amenities that make Greenville a desirable place to live, work, and play. To maintain a low tax rate, it is imperative that the CIP projects reflect the City's Strategic Plan and that capital improvements are incorporated in the annual operating budget. A few of the projects included in the City's CIP include street resurfacing, bus purchases, and building infrastructure, as well as renovations and repairs.

FY 2018 CAPITAL IMPROVEMENTS

| | | |
|----------------|-------------------------------|----------------------|
| 67% | Public Works | \$ 13,632,365 |
| 24% | Vehicle Replacement | \$ 4,934,770 |
| 8% | Recreation & Parks | \$ 1,708,003 |
| < 1% | Information Technology | \$ 40,000 |
| < 1% | Police | \$ 21,967 |

BOND REFERENDUM

The citizens of Greenville voted in favor of a bond referendum on November 3, 2015, authorizing the City to raise funds through the sale of bonds for five identified street and pedestrian transportation improvement projects. The referendum totals approximately \$15.85 million in general obligation bonds over seven years, and the issuance of debt can occur at various different times and amounts throughout the seven years. The bond referendum was required because the City's current property tax rate does not have the capacity to fund all of the transportation improvements up front. Waiting to secure funding for repairs and improvements would be more costly due to continued deterioration of existing roadways and increasing interest rates, while certain improvements must be undertaken concurrently with other projects. The City issued approximately \$8 million in bonds in FY 2017 to fund the first phase of projects as included in the bond referendum.

STREET & PEDESTRIAN TRANSPORTATION IMPROVEMENTS BOND ALLOCATION

| 63% Street Improvements | \$ 10,000,000 |
| 12% West 5th Street Streetscapes | \$ 1,950,000 |

| 9% Sidewalks | \$ 1,400,000 |
| 5% East Side Greenway | \$ 750,000 |
| Total | <u>\$ 15,850,000</u> |

UNDERSTANDING CITY DEBT

The City is subject to the Municipal Finance Law of North Carolina, which limits the amount of net bonded debt the City may have outstanding to eight percent (8%) of the appraised value of property subject to taxation. According to Pitt County Tax Assessor records, the City of Greenville has an estimated assessed value of \$6,529,380,397 for fiscal year 2018. Based on this, the City's legal debt capacity is approximately \$522 million. This capacity covers the debt that would be subject to property taxation.

The following is a summary of the City's outstanding debt as of June 30, 2018:

FY 2018 TOTAL OUTSTANDING DEBT

| | |
|----------------------------------|-----------------------------|
| 42% Installment Purchases | \$ 16,981,159 |

| Total Outstanding Debt | <u>\$ 40,840,103</u> |

The City's policy is to maintain a ten-year debt payout ratio of 60% or higher. Approximately 90% of the City's current outstanding capital debt as of June 30, 2017 will be retired in the next 9 years as shown in the following graph:

Bond ratings are a measure of a municipality's credit risk and ability to pay its debt. The stronger the bond rating, the lower the credit risk. The City's bond ratings reflect a very strong ability to fulfill its debt obligations on an annual basis.
