## City of Greenville, North Carolina

Meeting Date: 2/11/2019  
Time: 4:00 PM

---

**Title of Item:** Presentation on Economic Development Collaborative

**Explanation:** Crystal Morphis, of Creative Economic Development Consulting, has been assisting the Economic Development Working Group. She will provide a presentation on the work and endorsements to form the Pitt County Economic Development Alliance.

**Fiscal Note:** The City and its partners have shared the costs associated with the feasibility study.

**Recommendation:** Hear the presentation from Crystal Morphis.

---

City of Greenville,  
North Carolina

Meeting Date: 2/11/2019  
Time: 4:00 PM

---

**Title of Item:** Update on Town Creek Culvert Project

**Explanation:** City staff will provide a brief update on the Town Creek Culvert Project.

**Fiscal Note:** No direct cost for the update report.

**Recommendation:** Hear the brief update on the Town Creek Culvert Project.

---

# City of Greenville, North Carolina

Meeting Date: 2/11/2019  
Time: 4:00 PM

---

**Title of Item:** Update on Stormwater Advisory Committee's Utility Fee Recommendations

**Explanation:** **Abstract:** The Stormwater Advisory Committee (SWAC) has presented recommended changes to the extent and level of service, capital project implementation, and impacts to utility rate. Per direction, staff and our consultant will be providing additional information on the SWAC recommendation and other alternatives for a sustainable Stormwater Management Program.

**Explanation:** In August 2016 after presentation of the Watershed Master Plans to City Council, Public Works was directed to assemble a stakeholders group to complete a utility rate study linking maintenance, capital improvement needs, financing, and policy.

The Stormwater Advisory Committee has met 14 times over the last two years and presented recommended changes to the extent and level of service, capital project implementation, and impacts to utility rate. Per direction, staff will be providing additional information on the SWAC recommendation and other alternatives for a sustainable Stormwater Management Program. These alternatives detail levels of service and capital project implementation for various utility rates.

**Fiscal Note:** There are no fiscal impacts at this time.

**Recommendation:** City Council consider the information presented and offer guidance on the rate plan.
