Re: Recreation & Parks Facility Update

Recreation & Parks staff have begun to implement the first phase of reopening facilities after the Governor's announcement on September 1 to move the State into Phase 2.5, which loosened many restrictions impacting recreation and parks agencies. Below is an update for various facilities:

Greenville Aquatics & Fitness Center – Several amenities, including the weight room and fitness room, reopened September 4th to limited capacities. Capacity for each area is determined based on the size of the particular room. The indoor pool will remain open for appointments only and swim lessons will continue. Exercise classes remain suspended but staff plan to resume those in early October.

River Park North – The park remains open 7am – 7pm until November 1, when the time will change to winter hours (8am – 5pm). The Walter L. Stasavich Science and Nature Center reopened to limited capacity on September 8th from 1pm – 5pm, Tuesday through Sunday. Other park services are listed below:

- **Kayak Rentals** – Resumed September 5
- **Camp Site Rentals** – Resumed September 8
- **Pedal Boat Rentals** – Resuming September 19; rentals available Saturday and Sunday only

Recreation Centers – Various recreation and community centers are hosting programs. Staff have created schedules specific for each center based on programming offerings. As restrictions and safety guidelines are updated, the schedules will be modified as needed. A calendar showing an overview of the weekly schedule for Drew Steele Center, Eppes Recreation Center, South Greenville Recreation Center and H. Boyd Lee Park is attached.

Staff will continue to monitor State and Local health guidelines and make adjustments to operations as needed. The safety and well-being of the community and employees will continue to be the top priority as staff work to resume operations during the pandemic.

Let us know if there are any questions.

CC: Michael Cowin – Assistant City Manager
Gary Fenton - Director of Recreation & Parks

Recreation Facilities Daily Schedule by Week – Beginning week of September 14

	Monday	Tuesday	Wednesday	Thursday	Friday
