

**Green Mill Run Streambank Stabilization ITB
Addendum No. 01**

Project Name: Green Mill Run Streambank Stabilization	Project No.: RFP#22-23-24
Prepared By: Mark Nottingham	Date: 12-6-2022

Project Clarifications:

- Any damages to the Green Mill Run Greenway as a result of construction activities must be repaired by the contractor.
- Temporary use and access of two parking spaces, adjacent to the jobsite, located at The Quarterdeck Student Living apartments for loading and unloading materials is allowable. Any damages to the parking spaces, curbing, or other property must be satisfactorily repaired by the contractor and all precautions taken to reduce the potential for damages. Cleanup of the area used shall also be the responsibility of the contractor. Cones used to block the spaces for use are the responsibility of the contractor.
