| ___/___/___ | 6. | 2nd and 4th
Wednesday of the
month: | Subdivision Review Board meeting at 4:30PM |

___/___/___ 7. 1 to 5 working days following meeting date: Surveyor returns two (2) mylars to Planning Division. Planner shall record the approved plats within five (5) working days following meeting date.

___/___/___ 8. 1 working day after recordation: Planning Division shall transmit one (1) mylar to Greenville Utilities Commission. One returned to applicant.

B. FORMAT:

- _____ 1. Scale of 1" = 100' or larger.
- _____ 2. Drawn in ink on mylar film.
- _____ 3. Mylar film size shall be a minimum of 18" x 24" at 0.003 to 0.004 inch thickness.
- _____ 4. Boundary lines shall be fully dimensioned by lengths and bearing with an error of closure not less than one (1) in five thousand (5,000) and in accordance with the Standards of Practice for Land Surveying in North Carolina related to true, magnetic median or North Carolina grid coordinate system. All dimensions shall be measured to the nearest 1/100 of a foot and all angles to the nearest minute.
- _____ 5. Prepared by a surveyor licensed and registered in the State of North Carolina.
- _____ 6. Match lines shall be clearly indicated.
- _____ 7. A digital copy (PDF) shall be submitted of all materials and two (2) mylars upon request of the City Planner after approval.
- _____ 8. One (1) copy of the declaration of covenants, conditions and restrictions or otherwise as required pursuant to the North Carolina General Statutes. Such agreements shall be approved by the city prior to final plat approval (as required).
- _____ 9.
 - (a) If utility, street or other improvements as required have not been installed and approved by the City of Greenville and GUC at the time of submission of the final plat, the subdivider shall transmit one (1) copy of a written estimate (prepared by a professional engineer) of such necessary improvements to the City for review and approval at the time of the original submission of the final plat (as required).
 - (b) A surety agreement duly executed shall be filed with the City Engineer not less than three (3) working days prior to the scheduled Subdivision Review Board meeting. Working days shall not be construed to include City observed holidays or weekends.
 - (c) In cases where a payment in lieu of dedication of land is due, a certified check payable to the City of Greenville, in the full amount of such payment shall be required prior to approval.

_____ 10. Shall be submitted in accordance with the Manual of Standard Designs and Details.

The following certificates shall be required:

- a) Standard title block
- b) Standard source of title information block
- c) Standard owner's statement block
- d) Standard approvals information block
- e) Standard dedication information block
- f) Standard certification block

_____ 11. Filing Fee - In accordance with the Manual of Fees.

_____ 12. Certified copy of the construction permit issued by the North Carolina Health Department for water supply and sewerage system to serve the land included within the final plat, if not to be served by a public utility system.

_____ 13. When property outside the existing city limits is subdivided and sanitary sewer service is required, an annexation petition and required maps shall be submitted to the City Planner. Pursuant to this requirement, no final plat shall be recorded until the property contained within the plat has been annexed to the City of Greenville.

C. GENERAL INFORMATION

_____ 1. Subdivision name.

_____ 2. The name(s) of the city, township, county and state in which the subdivision is located.

_____ 3. Name, address and telephone number of land owner(s) or legal agent.

_____ 4. Name, address and telephone number of the surveyor preparing the plat.

_____ 5. North Carolina registration number and seal as listed per (4) above.

_____ 6. Locational vicinity map, at a scale of 1" = 1000' showing the subdivision in relation to major and minor roads or streets, adjacent subdivision sections, political division, landmarks or other obvious references.

_____ 7. Date of original survey, plat preparation and/or revision(s).

_____ 8. Number of sheets.

_____ 9. Scale denoted both graphically and numerically.

D. SITE INFORMATION

- _____ 1. North arrow and delineation as to whether true, grid or magnetic including date.
- _____ 2. Street names and designation as to public or private.
- _____ 3. Right-of-way and/or easement widths, pavement widths, and sight distance triangles of all streets within the subdivision.
- _____ 4. Right-of-way and/or easement widths and pavement widths of all adjacent streets.
- _____ 5. Location of all points of curvature and tangency.
- _____ 6. Location of all points of intersection where circular curves are not used.
- _____ 7. Property lines with bearings or deflection angles, arc lengths, chord length (indicated by dashed lines) as appropriate.
- _____ 8. The delta angle, degree of curve, tangent distance, radius and method (arc or chord) for each curve.
- _____ 9. Sufficient surveying data to determine readily and reproduce on the ground every straight or curved boundary line, street line, lot line, right-of-way line, easement line and setback line.
- _____ 10. Accurate location and description of all monuments, markers and control points.
- _____ 11. Location, description and use of all existing and proposed easements.
- _____ 12. Location, description and use of any sites proposed for dedication or reservation for public purposes.
- _____ 13. Location, description and use of all pedestrian riding, bicycle trails or natural buffers to be dedicated or reserved for public purposes.
- _____ 14. Location, description and use of areas to be used for purposes other than residential.
- _____ 15. Property lines and ownership of all contiguous property indicated and referenced by deed book/map book and page number.
- _____ 16. Location of existing buildings or structures, water courses, railroads, bridges, culverts, storm drains, corporate limits, township boundaries, county lines and easements both on the land to be subdivided and immediately adjoining thereto.
- _____ 17. When the subdivision consists of land acquired from more than one source of title, the outlines of the various tracts shall be indicated by dashed lines, and identification of the respective tracts shall be shown on the plat.

- _____ 18. Floodway zone and flood fringe zone, indicating base flood levels and minimum building elevations for all lots adjoining such zones.
- _____ 19. The area in square feet of each proposed lot and common area within the subdivision.
- _____ 20. Block and lot numbers in consistent and logical sequence.
- _____ 21. The following in tabular form:
- (a) Number of lots created.
 - (b) Acreage in total tract.
 - (c) Acreage in common area(s).
 - (d) Acreage in park, recreation areas and the like.
- _____ 22. The name and location of any property within the proposed subdivision or within any contiguous property that is listed on the National Register of Historic Places, or that has been designated by ordinance as a local historic property and/or district.
- _____ 23. Any other information considered by either the subdivider or the Planning Staff to be pertinent to the review of the final plat.
- _____ 24. Written statement addressing the reasons for being unable to meet the minimum requirements as listed above.

E. OWNERS STATEMENT

I, _____, acting as agent for the owner(s),

subdivider/developer request that the attached final plat of _____

be placed on the agenda of the Subdivision Review Board meeting scheduled for ___/___/___.

I understand that failure to address any item listed under (B) Format, (C) General Information, (D) Site Information, or (F) Owners Statement, of this policy shall result in the plat not meeting the minimum submission requirements and said plat shall be returned to me for revision and resubmission; and

I understand that construction plan approval of the City of Greenville and Greenville Utilities Commission shall be required prior to the construction or improvement of any street, waterline, sanitary sewer, storm sewer, drainage facility or other improvement.
