## Memorandum

**To:** Michael Cowin, City Manager  
**From:** Kevin Mulligan, PE, Director of Public Works *(KM)*  
**Date:** November 6, 2023  
**Subject:** Public Works Start of 2023 Leaf Season

---

Public Works is preparing for the start of the leaf collection season which is scheduled to commence on November 20, 2023, and continue until March 2024. The Public Works Department will collect leaf piles that have been properly placed behind the curb, street pavement or sidewalk of single-family residences. During this time of year, Public Works will utilize five (7) vacuum leaf collector trucks as well as our customary contingent of seven (7) knuckle boom trucks.

During periods of heavy leaf accumulation and frequent residential raking, the collection schedule may be adversely impacted. The leaf collection schedule can be disrupted by weather events and/or personnel changes. During the peak of the leaf season, the weekly collection schedule may be impacted. Public Works anticipates periods where the leaf volume will limit staff to bi-weekly collection. This typically occurs in the months of November and December.

Public Works may collect leaves six (6) days per week and utilize 10-hour work days. These work hours are implemented to expedite the loose leaf collection during November and December.

Residents are asked to keep limbs and other debris separated from leaf piles. Debris that has to be manually removed from leaf piles, impairs the leaf collection process. Limbs and debris must be removed before the leaves are collected by the leaf vacuum trucks. The limbs and debris clog and damage the trucks which results in service delays and repair costs.
