 - 1. Update on 5-Year Plan for Providing Solid Waste Services
 - 2. Business Support Program Update
- V. Adjournment**

City of Greenville,
North Carolina

Meeting Date: 05/06/2024

- Title of Item:** Update on 5-Year Plan for Providing Solid Waste Services
- Explanation:** Staff will present an overview on the daily operations associated with the Public Works Sanitation Division. Discussions will include an outline on recent route improvements, as well as a comparison to similar services provided by other cities. The City has not raised the sanitation fee since 2018 and with increases in costs for materials, equipment and labor, a rate plan will be presented for the next 5 years. The rate plan will factor in the expected growth of the city population as well as the need for vehicles, capital improvements, and the addition of personnel. City staff will also present several changes to existing ordinances associated with collection of solid waste.
- Fiscal Note:** City staff will present an update on the 5-Year Plan for Providing Solid Waste Services.
- Recommendation:** Receive the presentation on a 5-Year Plan for Providing Solid Waste Services and provide input.

City of Greenville, North Carolina

Meeting Date: 05/06/2024

Title of Item: Business Support Program Update

Explanation: The Business Development Division of the Neighborhood and Business Services Department is positioned to administer programs intended to support small and minority businesses. Recent reorganization has created opportunities for a more focused and directed effort around business support with the department's absorption of the City's MWBE activities.

New and existing initiatives aimed at funding, training, and technical assistance will support a diverse business environment for entrepreneurs. Some of these programs include:

- Incubate to Accelerate
- MWBE Loan Pool
- Small Business Assistance Program
- Business Resilience Micro-Loan Program

Fiscal Note: There are no costs associated with agenda item.

Recommendation: This presentation is for informational purposes only.
