 Re: Upcoming Unified Development Ordinance (UDO) Public Engagement Meetings

The City is in the process of crafting its first Unified Development Ordinance (UDO). A UDO combines several city zoning ordinances into a single, comprehensive document that includes items such as the zoning standards, sign requirements and subdivision regulations. The purpose is to provide a more predictable, easy to read document, developed to the needs of the City of Greenville along with its Citizens and its end users. The process will heavily rely on public input.

The Planning and Development Services Department (PDS) along with our UDO Consultant (Inspire Placemaking Collective) is preparing to hold several open house public engagement meetings to provide information and ask for input on the updating of our zoning and subdivision ordinances into a Unified Development Ordinance (UDO).

The scheduled open houses will occur, as follows:

OPEN HOUSE	TIME	LOCATION
August 6	4PM-7PM	Eppes Rec Center at 400 Nash Street
August 7	4PM-7PM	City Hall Gallery Area (3rd floor) at 200 W. 5th St
August 13	4PM-7PM	River Park North at 1000 Mumford Road
August 14	4PM-7PM	South Greenville Recreation Center at 851 Howell St
August 15	4PM-7PM	Boyd Lee Park at 5184 Corey Road

In addition to the open house venues, City staff will attend the following City sponsored events to further engage with citizens and to encourage participation in the development process:

CITY EVENTS	TIME	EVENT	LOCATION
August 24 (Saturday)	9AM-1PM	Back to School Bash	Drew Steele Center
August 27 (Tuesday)	9AM-3PM	Active Adults and Senior Social	Wildwood Park
September 21 (Saturday)	11AM-6PM	MOSAIC - Multicultural Arts Festival	Town Common
October 1 (Tuesday)	5:30PM-7:30PM	National Night Out	Town Common
November 1 (Friday)	10AM-1PM	Senior Health Fair	Aquatics and Fitness Center

NOTE: Staff attended the Juneteenth event held by the City located at the Town Common as its first City Event

Advertising of the available opportunities for engagement will be disseminated widely, including newspaper publications, social media blasts and distribution of fliers at various locations. Attached to this memo is a flyer we will be posting at various locations.

As a reminder, we have a live website dedicated to the UDO project. This website is in place for the public to find the schedule of in-person events, have online public engagement activities, as well as a location for any documents relating to the project and will be updated to reflect these engagements.

Re: Sports Connection Improvements

The Sports Connection, located at 1701 E 14th Street, is a multipurpose recreational facility with a gymnasium, batting cages, and a meeting room. In 2022, majority of the facility was renovated including the addition of HVAC and replacing the gymnasium floor, interior and exterior painting, and new carpet in the office area. The batting cage system, which was not a part of the renovation, are the original cages installed in 2000.

The City of Greenville acquired the building in 2004 and continue to operate the facility with one full-time Recreation Supervisor and many part-time staff. The existing batting cages and specifically the pitching machines have reached the end of their serviceable life and are in need of replacement. As local youth baseball leagues continue to increase in participation, staff have developed a plan to enhance this training area to be used by the public as well as our community partners.

The proposed project would include leveling the concrete floor, installing artificial turf, and installing new batting cages with the required amenities. This will allow for a new training area that includes five pullout batting cages with netting that could be pulled back to allow for increased programming in the renovated area. The plan will create a new space allowing staff to expand programming efforts, not limited to only baseball.

Staff have planned a community information meeting for Wednesday, July 24th at 5:30pm to be held at the Sports Connection. The purpose of the meeting is to inform the public of the renovation proposal and the change in operations that will take place for the facility if the project moves forward. Staff will have a new preliminary fee structure available at the meeting in case questions are asked.

The meeting date will be shared with our community partners (*Jackie Robinson Baseball League, Greenville Little Leagues, etc.*), posted on social media, and flyers will be posted at Recreation and Parks facilities. If the project is approved, construction could begin in September and take 4-6 months. The gymnasium portion of the facility would remain open during construction.

Please let me know if there are any questions.

Subject: **2023 Affirmative Action Program Annual Report**

The City of Greenville is committed to the principles of equal employment opportunity, diversity, and inclusiveness. The attached 2023 Affirmative Action Program Annual Report (“Report”) details the status of the City’s efforts to recruit, hire, and retain a diverse and inclusive workforce.

Recruitment rebounded in 2023, with the number of applicants for full-time positions increasing by 50% compared to 2022. This increase in applicants is likely attributable, in part, to more job seekers returning to the workforce following the COVID-19 pandemic and workers considering other employment options—fittingly coined “the Great Reshuffle”. With an increase in the total number of applicants, the number of minority applicants also increased for 2023 which is reflective of the City’s successful efforts to attract diverse talent.

Like many employers, the City of Greenville continued to face retention challenges in 2023. As reflected in the attached Report, 75% of separations were due to voluntary resignations. The voluntary resignations were not limited to a specific department or job category, further demonstrating the continuing high demand for workers in all job categories and employees’ willingness to pursue other opportunities for a variety of reasons.

The City continued to focus on upskilling staff in 2023 which allowed employees to take on new responsibilities while continuing to grow in their career with the City. Of the employees promoted in 2023, 41% were minorities and/or females. As examples, minority employees were promoted into positions such as Deputy City Manager, Recreation Manager, Police Sergeant, Police Lieutenant, Police Captain, Sanitation Crew Leader III, and Traffic Services Superintendent; female employees were promoted into positions such as Assistant City Manager, Director of Neighborhood and Business Services, EMS Specialist, Master Police Officer, and Police Major—a command level position just under the rank of Deputy Police Chief. Nurturing and developing talent continue to be priorities for the City, thereby empowering and motivating employees to higher levels of responsibility.

The City strives to take diversity beyond the legal mandates and maintains an environment that is inclusive of all groups, thereby maximizing the potential of all employees. Thank you for your commitment and support of the City’s Affirmative Action Program.

CITY OF GREENVILLE 2023 AFFIRMATIVE ACTION PROGRAM ANNUAL REPORT

I. INTRODUCTION

The following report summarizes the various actions and activities undertaken to develop a workforce that reflects the diversity of the Greenville community labor force. In accordance with federal laws and City policy, the City of Greenville does not discriminate in its hiring procedures because of the individual applicant's race, color, religion, gender, age, national origin, disability, sexual orientation, genetic information, gender identity/reassignment or expression, military or veteran status, or marital status. The City declares and reaffirms to its employees and to the public its firm commitment to the policy of fair employment practices based on qualifications and merit. The purpose of this report is to evaluate past efforts and to establish future commitments to this program.

III. PROGRAM MONITORING

- A. In past years, workforce data analysis has identified efforts to increase the number of female and minority applicants in specific occupational fields such as engineering, information technology, and protective services where, historically, there has been a lack of diversity. The hiring of minorities and women in these fields continues to be challenging due to the highly competitive demand in the labor market. Additionally, occupations such as engineers, computer programmers, and firefighters have been nontraditional occupations for women. The U.S. Department of Labor defines a nontraditional occupation for women as one in which women comprise 25 percent or less of total employment. Nonetheless, the City will continue to make good faith efforts in recruiting and advertising to minorities and women to overcome barriers and increase the number of females and minorities in those specific occupational fields. Targeted recruitment efforts and an increase in the total applicant pool have been identified as promising avenues to accomplish this goal.
- B. The following is a comparison of historical recruiting efforts. The number of applicants varies based on the number of openings and number of recruitment cycles per year.

	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>5-Yr % Change</u>
Total applicants	6,857	3,437	4,425	3,950	5,927	-14%
Total black applicants	3,324	1,704	1,978	1,948	3,013	-9%
Black female applicants	1,487	833	947	877	1,358	-9%
Black male applicants	1,837	861	1,059	1,062	1,642	-11%
Female applicants	2,623	1,458	1,831	1,664	2,409	-8%
Total minority applicants	3,758	1,929	2,311	2,239	3,454	-8%

**subgroups may not equal total due to some applicants electing not to disclose their race and/or gender.

- C. The attached Workforce/Applicant Analysis provides workforce composition and applicant data by department. The attached charts in Appendix B provide workforce composition data graphically and the breakdown of applicants, new hires, and promotions for the past two years.
- D. Appendix A, Analysis of EEO Job Categories, details the numbers and percentages of minorities and women in the eight EEO job categories, determined by the Equal Employment Opportunity Commission. All City of Greenville job titles are placed into one of these categories.

IV. ONGOING EFFORTS

- A. The following initiatives have been carried forth from the previous program:
 1. Continue recruiting activities at colleges and universities in North Carolina with a significant minority enrollment. The Police Departments visited several college BLET classes with an internal pool of employees attending various recruiting functions along with Fire/Rescue visiting some academies to promote the department.
 2. Continue to solicit the assistance of minority and female employees in the recruitment and selection process. For example, the Human Resources Department continues to provide interviewer training to diverse interview panels in all the City's departments. The training emphasizes effective and legal interviewing techniques. After completion of the interviewer training, employees serve on various interview panels for the City's hiring and promotion processes.
 3. Continually analyze recruitment materials such as vacancy announcements to ensure alignment with job descriptions and that job requirements are set at the minimum level needed for hire.

4. Continue to utilize recruitment sources targeting minorities and females.
5. Evaluate photographic images of City work sites and programs to ensure they are consistent with workforce diversity efforts.
6. Review and continue to monitor the selection process for discriminatory biases or practices, whether unintentional or intentional.
7. Continue providing all employees with equal opportunity for training, promotion, and special assignments.
8. Continue to ensure that each advertisement for a vacant position state in clear, distinguishable type that the City of Greenville is an equal opportunity/affirmative action employer.

V. ACCOMPLISHMENTS 2023

A. An analysis of the 2023 applicant pool shows the following:

1. Compared to 2022, the City experienced a 50% increase in the total number of applicants for 2023. The number of applicants increased from 3,950 in 2022 to 5,927 in 2023. This may be due to the shift in the labor market coined “the Great Reshuffle” in which, rather than quit the workforce and never return, individuals seek employment opportunities that better align with their expectations, needs, and values.

The combined recruitments of the Public Works and public safety departments (i.e., Fire/Rescue and Police) accounted for the majority (58%) of the applicant pool in 2023. The Police Department recruited for numerous positions, including but not limited to, Police Officer/Trainee, Telecommunicator, Forensics Technician, and Community Services Clerk, with 59% of the applicants identifying as minorities and 60% identifying as female. As in previous years, the Police Department continued to attract diverse applicants for sworn and civilian positions. Likewise, the Fire/Rescue Department recruited for EMTs, Paramedics, and entry-level Trainees, with 20% of the applicants identifying as female and 44% identifying as minorities.

The Public Works Department recruited for various positions in 2023, with many of the positions within the skilled craft workers job category which includes Construction Worker, Equipment Operator, Heavy Equipment Operator, Senior Construction Worker, Sanitation Crew Leader I, and Master Mechanic. Given the continuing robust labor market and the demand for skilled craft workers, the City was able to attract and hire qualified individuals for these difficult-to-fill positions. Of the applicants who self-identified in 2023, 66% were minorities and 8% were female.

2. The number of black applicants increased slightly from the previous year, increasing from 49% in 2022 to 51% in 2023. Non-Black minority applicants held steady at 7% in 2023. The number of female applicants declined by only 1%, from 42% in 2022 to 41% in 2023. The City maintains a continuous focus on increasing diversity in the applicant pools of recruitments. For example, the Police and Fire/Rescue Departments utilize minority and female employees to serve as recruiters. Sharing their work experiences with prospective applicants, these employees engage in open and honest communication regarding a career in public safety.
3. In summary, the City continued to attract a well-qualified and diverse applicant pool in 2023. Of the 5,927 applicants for full-time positions, 51% were Black, 7% were non-Black minorities, and 41% were female. These percentages are reflective of the diversity within the Pitt County labor force, which consists of 35% Blacks, 11% non-Black minorities, and 50% females, according to the 2020 US Census. The City will continue to expand its efforts to attract a diverse applicant pool by utilizing various recruitment options available for vacant positions.

B. One hundred and eighteen (118) full-time employees were hired in 2023, compared to 80 full-time employees in 2022. Overall, 25% of new hires were females in 2023 and 27% in 2022. In total, 38% of new hires in 2023 were minorities compared to 45% of new hires in 2022. A breakdown of new hires by race and gender is shown below.

	<u>White male</u>	<u>White female</u>	<u>Black male</u>	<u>Black female</u>	<u>Non-Black Minority male</u>	<u>Non-Black Minority female</u>
2023	52 (44%)	21 (18%)	34 (29%)	7 (6%)	2 (2%)	2 (2%)
2022	31 (39%)	13 (16%)	21 (26%)	9 (11%)	6 (8%)	0 (0%)

C. Eighty-two (82) full-time employees (approximately 11% of the full-time workforce) were promoted in 2023, compared to 149 full-time employees in 2022. Significantly more employees were promoted in 2022 due to the addition of another rank within the Police Department and an improved career ladder in the Sanitation Division of the Public Works Department. Overall, 18% of promotions in 2023 were females, and 28% were minorities, with the breakdown by race and gender as follows:

	<u>White male</u>	<u>White female</u>	<u>Black male</u>	<u>Black female</u>	<u>Non-Black Minority male</u>	<u>Non-Black Minority female</u>
2023	48 (59%)	11 (13%)	17 (21%)	4 (5%)	2 (2%)	0 (0%)
2022	90 (60%)	9 (6%)	36 (24%)	7 (5%)	3 (2%)	4 (3%)

D. Retention of a diverse workforce is also a focus of this report. In 2023, the City had 109 full-time employee separations (approximately 15% of the full-time workforce). Of these, 16% (17) were due to retirement, and 9% (10) were due to discharge, disability, or death. Resignations made up the remainder of the separations, accounting for 75% (82). Females accounted for 31% (34) of the overall separations, and 46% (50) were minorities.

E. City departments continue to employ interns from colleges and universities in North Carolina. Internships provide students with professional work experience and exposure to employment within the City.

F. Departmental Accomplishments:

City Attorney’s Office:

- The City Attorney attended the 26th Annual Community Unity Breakfast which is held on the commemoration of Dr. Martin Luther King, Jr.’s birthday to celebrate and expand diversity initiatives in Greenville and Pitt County. This program is jointly sponsored by the Chamber of Commerce and the City of Greenville, and aims to promote community togetherness, goodwill, and peace.
- Continued its commitment to an open-door policy that encourages employees to express any concerns they may have, promoting a positive work environment and retention.
- With a vacancy for the Assistant City Attorney position, the City Attorney’s Office sought to fill the vacancy by advertising the opening in sources with diverse law association groups such as North Carolina Central University, UNC School of Government listserv, LinkedIn, National League of Cities, and the International Municipal Lawyers Association.

City Clerk's Office:

- Promoted one female to the Assistant City Clerk position.
- Promoted employee development by encouraging professional development and participation in training, networking, and community events.
- Recognized professional milestones, such as service awards and achievements (e.g., professional certification - North Carolina Certified Municipal Clerks).
- Encouraged participation and promoted memberships in professional organizations such as the North Carolina Association of Municipal Clerks and the International Institute of Municipal Clerks.

City Manager's Office:

The City Manager's Office employs a holistic approach to fostering and supporting a diverse workforce and community. The following activities occurred in 2023:

- A. Ensured position vacancies were posted internally/externally for periods sufficiently long enough to provide traditionally under-represented job applicants with a greater opportunity to seek employment with the City.
- B. Reviewed vacant positions, recruitment and retention strategies, hiring practices, and onboarding processes to determine effectiveness and opportunities for improvement.
- C. Continued coordinating with Greenville Utilities Commission on pay and benefits issues to assist in attracting, fairly compensating, and retaining a quality and diverse workforce. In 2023, these efforts included revising vacation accrual rates to ensure competitive benefits and be more aligned with peers.
- D. Partnered with the Daily Drum Media Group for a Job Fair Street Summit on August 12, 2023. The event was held at J.H. Rose High School and included representatives from the City's Fire-Rescue and Police Departments. Additionally, the City purchased advertising from the Daily Drum Media Group to promote the event and career opportunities.
- E. Used various methods, including social media, the "City Beat" radio show, and advertising in *The Daily Reflector*, *The Daily Drum*, and *The East Carolinian*, and on local radio stations, to recruit a diverse pool of applicants for City jobs and boards and commissions as well as promote City events. Specific examples include:
 - 1. Partnered with Inner Banks Media Group to run a series of promotional ads for career opportunities during the fall of 2023. These ads were focused on recruitment for the Police and Fire-Rescue Departments.
 - 2. Included a segment on career opportunities during the monthly City Beat radio show that airs on Saturday mornings on 97.9 FM and 94.1 FM and Sunday mornings on ESPN 107.5 FM/1570 AM.
- F. Offered bonuses to current employees for referrals resulting in hires for hard-to-fill positions.
- G. Promoted employee development and retention internally through the following means:
 - 1. Through reorganizations and internal promotions, created numerous opportunities for employee advancement within the City of Greenville organization.
 - 2. Met with new employees during orientation.
 - 3. Continued employee performance review process and merit pay program.
 - 4. Continued funding for employee Attendance Incentive Program.
 - 5. Continued to have an "open door policy" with employees to discuss issues of interest and/or concern.

6. Provided guidance, job tools/resources, and appropriate workspaces (relocating employees when feasible) to strengthen work teams and improve job performance.
 7. Continued biweekly meetings with department heads to discuss issues, operations, projects, and concerns.
 8. Following the Fire/Rescue Chief's resignation in February 2023, met with Fire/Rescue employees on each shift at each Fire/Rescue station to provide an open forum to discuss issues in the department.
 9. Selected two (2) employees to attend the 2023-2024 Greenville-Pitt County Chamber of Commerce Leadership Institute course and highlighted local government operations and opportunities to the class during the Local Government session on November 8, 2023.
 10. Supported the City's in-house training program and attended STAR program graduation.
 11. Included budgetary funds to allow staff to attend outside professional training and conferences.
 12. Provided budgetary funds for the employee Educational Tuition Assistance Program and the Computer Purchase Program.
 13. Posted information on SharePoint/COGNET, an internal City computer network communications tool, to enable more convenient access to information about City policies, procedures, and resources.
 14. Held 4 Department/Division Heads meetings during the year to discuss various issues affecting the City organization and employees.
 15. Held meetings with Fire/Rescue Chief and ECU Health representative regarding EMS personnel and retention efforts.
 16. Had discussions with Pitt Community College about a public safety training center.
 17. Provided free bus passes to employees to help with transportation issues.
 18. Continued to provide the Employee Health Clinic, which employees may utilize for illness, injury, biometric screenings, flu shots, and other services while on duty, which reduces time spent away from work and the costs to employees and the City.
 19. Provided a variety of employee wellness programs and initiatives to educate them and encourage them to exercise and take steps to be healthy.
 20. Attended Fire-Rescue Academy Graduation ceremony on April 21 and Fire-Rescue Junior Fire Marshall Academy graduation on July 21.
 21. Conducted exit interviews with various employees to hear and address any issues of concern.
 22. Sent Christmas cards to all City employees with a coupon for free ham or turkey
- H. Promoted workforce diversity by appointing project teams to ensure leadership opportunities are available to employees in all departments. Examples in 2023 included the Personnel Advisory Review Committee, City of Greenville United Way Campaign Committee, the Joint City/GUC Wellness Committee, and the Little League Softball World Series Planning Committee.
- I. Promoted employee recognition through the following:
1. Attended Police Promotion Ceremonies on March 2 and December 6, 2023.
 2. Produced Women's History Month video and group photo of female City employees (March).
 3. Transit Driver Appreciation Coffee Break on March 14, 2023.
 4. Celebrate Procurement Professionals Day on March 31, 2023.
 5. Community Development Week Kickoff on April 10, 2023.
 6. Police supervisors retreat on April 20, 2023.
 7. Recreation and Parks staff appreciation event on May 10, 2023.
 8. Public Works Week luncheon on May 24, 2023.
 9. Sponsored and attended the Chamber of Commerce's First Responders Recognition Event on June 7, 2023.

10. Fire/Rescue Family Fun Night on June 22, 2023.
 11. Service award luncheon on July 19, 2023.
 12. Attended various departmental employee service, promotional, and retirement recognition events.
 13. Recognized new hires, promotions, retirements, and achievements at Department/Division Head meetings and in *Insight* employee newsletters.
 14. Recognized various employee achievements and retiring employees at City Council meetings.

Appendix A: Analysis of EEO Job Categories For Calendar Year 2023

The following eight job categories have been established by the Equal Employment Opportunity Commission (EEOC) and are used by the City of Greenville. All City of Greenville job titles are placed into one of these categories.

1. Officials and Administrators
This group is of particular importance in affirmative action planning in that these employees exercise overall responsibility for execution of broad policies or direct individual departments or special phases of the City's operations. Positions in this category include City Manager, Deputy City Manager, Assistant City Manager, City Attorney, City Clerk, and department heads. Persons in this category are generally at the upper end of the pay classification system. At the end of calendar year 2023, Officials and Administrators made up approximately 2% (16) of the City's 722 full-time employees. Females held 31% (5) of this category's positions and minorities held 44% (7) of the positions.
2. Professionals
Employees in this category are required to have specialized and theoretical knowledge which is usually acquired through college training or through work experience and other training which provides comparable knowledge. This category includes a variety of professions, such as systems analysts, engineers, Police Captains, and Fire/Rescue Captains. Professionals comprised approximately 12% (86) of the City's full-time employees. Females held 21 (24%) of all professional positions, while minorities held 21 (24%) of the positions.
3. Technicians
Employees in this category are required to have a combination of basic scientific or technical knowledge and manual skills which can be obtained through specialized post-secondary school education or through equivalent on-the-job training. Police Sergeants, Fire/Rescue Lieutenants, and Building Inspectors are among the occupations in this category. At the end of calendar year 2023, approximately 21% (155) of the City's workforce was classified as Technicians. Minorities comprised 38 (25%) of the positions held and 21 (14%) were female.
4. Protective Service Workers
Protective service workers accounted for the largest occupational category of employees, representing approximately 32% (228) of the City's full-time workforce. Employees in this category are entrusted with public safety, security, and protection from destructive forces. Police and Fire/Rescue Officers are among the occupations in this category. At the end of 2023, females comprised 29 (13%) of the positions while minorities held 66 (29%) of the positions.
5. Paraprofessionals
Employees in this category perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional or technical status. Examples of paraprofessional positions include Recreation Assistants and Accounting Generalist. There were 39 (5%) paraprofessionals at the end of 2023, of which 23 (59%) were female and 12 (31%) were minorities.
6. Administrative Support
This category consists of employees responsible for internal and external communication, recording and retrieval of data and/or information and other paperwork required in an office. Included in this category are Staff Support Specialists, Administrative Assistants, Telecommunicators, and Communications Specialists. Administrative support employees accounted for 57 (8%) of the total workforce in 2023. Females comprised 51 (89%) of the administrative support positions while minorities comprised 19 (33%).

7. Skilled Craft Workers

Skilled craft workers perform jobs which require special manual skill and a thorough and comprehensive knowledge of the processes involved in the work which is acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Included in this occupational category are skilled Equipment Operators, Master Mechanics, and Welders. Of the 87 (12%) skilled craft workers at the end of 2023, minorities held 53 (61%) positions while females comprised 2 (2%).

8. Service-Maintenance

Included in the Service-Maintenance category are positions such as Animal Protective Services Officers, Custodians, Laborers, Refuse Collectors, and Transit Drivers. These and other service-maintenance workers perform duties which result in or contribute to the comfort, convenience, hygiene, or safety of the general public or which contribute to the upkeep and care of buildings, facilities, or grounds of public property. There were 54 (7%) employees in this category at the end of 2023. Nine (17%) of this category were female and 33 (61%) were minorities.
