- II. Roll Call**
- III. Approval of Agenda**
- IV. New Business**
 - 1. Presentation on a Proposed ECU Health Primary Care Learning Center in North Greenville
- V. Adjournment**

City of Greenville, North Carolina

Meeting Date: 04/07/2025

Title of Item: Presentation on a Proposed ECU Health Primary Care Learning Center in North Greenville

Explanation: Over the last six months, the City of Greenville has been working in partnership with ECU Health to potentially provide health care services in North Greenville. ECU Health's goal, along with the City, would be to provide greater access to care on the north side and also provide a pharmaceutical service to the public in that area.

The concept being considered is a Primary Care Learning Facility that would be operated by ECU Health with the use of medical students supervised by faculty members. The facility would be the primary medical service location for patients that live on the north side of the City and areas around the northern side of the County. Adding the pharmaceutical component would complete the loop for comprehensive health care services within a very economically challenged qualified census tract.

Proposed funding to support the project is being requested through a Partnership between ECU Health, the Duke Endowment and the City of Greenville. Representatives from ECU Health will be at the workshop to provide an overview of the concept and request a letter of support and commitment from the City to be submitted to the Duke Endowment for consideration.

Fiscal Note: No Fiscal Impact at this Time

Recommendation: City Council to hear presentation from ECU Health and consider support and commitment for potential Primary Care Learning Center in North Greenville
