Quorum: Please note a quorum was present at both meetings.

WELCOME & INTRODUCTIONS

Lorenzo Person called the meeting and order and welcomed the members to the meeting.

ANNOUNCEMENTS – None

OLD BUSINESS

NEW BUSINESS

NC Science and Engineering Fair

Members were informed that volunteers are needed for the North Carolina Science and Engineering Fair that will take place March 1st - 2nd on the campus of ECU. More information will be provided at the February 25th meeting. Please check your schedules for availability.

At the February 25th meeting, members of the Council discussed volunteering at the Science and Engineering Fair. The Council decided to volunteer on Friday, March 1st and Saturday, March 2nd. However, on Saturday, they would work in shifts to make sure enough volunteers were in place throughout the competition.

Childhood Obesity

Cassandra Daniels stated last year, the Council developed a listing of topics they wanted to address. Since childhood obesity was at top of the list, is this something the Council wants to explore. If so, please be prepared to discuss this item at February 25th meeting.

At the February 25th meeting, Cassandra Daniels stated that Dr. David Holder with East Carolina University would like to attend a future meeting to discuss a possible partnership with the Council to discuss Childhood Obesity. The Council decided it would helpful to have Dr. Holder to attend one of the meetings in March.

A motion was made by Charlotte Overton, seconded by Bridget Demery to have Dr. David Holder attend the March 25th meeting. Motion carried unanimously.

Adjournment

There being no further business, the meeting was adjourned.

Respectfully submitted,

Cassandra Daniels
